What is regenerative medicine?

MLS Laser Therapy utilizes light therapy to promote tissue healing, while Shockwave Therapy employs sound waves for the same purpose. Both methods offer effective long-term healing.

What's included?

- 36 regenerative treatments over the initial membership plan
- A customized Welcome Package to get you started

DON'T STAY STUCK ON THE SIDELINES!

Total Investment

- Initial investment of \$399 for the first month
- Followed by \$199 for each subsequent month
